2. The minimum order for all memorial and acknowledgement/thank you cards is 25 and this is due to fixed set-up costs.
3. You can include anything you wish on your customised cards, and they can be personalised by including photographs, a handwriting sample such as a signature, a favourite saying or a term of endearment, a reference to a hobby or interest etc. or by including a photo of a favourite place, a local landmark or the home area of the deceased. However we have access to a varied range of images and can advise you of suitable backgrounds to compliment your photographs. Colour, black & white photographs or a combination of both can be used.
4. The quality of the photos supplied will determine the quality of the finished card. If we think there may be any issues with your images we will contact you prior to commencing your order.

NOTE: PLEASE AVOID CROPPING YOUR PHOTOS too close to the persons face as this limits the options for how they can be used. Send us the original photo if possible and we will digitally remove other people or backgrounds not required from it for a more professional finish. We will ensure you get your photos returned safely with your order as we understand how precious they are.

4. You will receive a colour proof of your order via email for your approval prior to proceeding to print your order. If you do not have access to email we can post a proof if preferred. Please take the time to check your proofs thoroughly to ensure you are satisfied with wording, dates etc. as once an order is approved and printed, further alterations will incur an extra cost. For customised orders we are happy to make alterations to existing wording & layout etc. at no extra cost. However, if you decide to change a photo or add an extra photo to the card after the initial design, you will incur a charge of €30 per photo for the extra design and layout time involved.
